Keeping children actively involved throughout the day reduces the risk of them getting involved in inappropriate behaviors and promotes positive personal growth and social development. In our licensed school aged child care program children have the opportunity to choose from a variety of activities to suit their individual interests including arts, crafts, team building, active play, community service projects, homework and game time. Our staff provides a supervised, nurturing environment striving to incorporate the YMCA's Core Values of **caring, respect, responsibility & honesty** while encouraging good sportsmanship, positive self-esteem along with the mutual respect for others.

Our program follows your school district's calendar and only operates on days that the schools are open.
