IMPORTANT DATES

2024 Annual Maintenance

Each year, it is critical that we make time to repair, paint, refinish floors and perform repairs that we are not able to do during normal operating hours. Area closings are listed below. We will be closing off sections of our wellness areas, group ex rooms and gymnasiums for deep cleaning and maintenance/painting. We will do our best to close sections during non-peak hours to minimally impact our members.

Please pardon our appearance during this time as we improve our Y for you. We thank you in advance for your cooperation.
